GO by Spark - How to add 2 contents blurbs Scribe in one piece of content?

The Feed Editor provides the ability for users to organize and make changes to the print program. After a print program is created, users can download it into PDF. The design and layout of the print program is pre-approved by the client.

1 Navigate to your GO Software URL and open the Itinerary Page.						
2 Click on the "Newspaper Icon" to open the feed editor for the specific day.

6 Drag and drop a piece of content in one of the content columns.

7 The example below shows how the content blurbs populate.

To finalize, the users have the ability to move the Content Blurb up and down by using the "^" icons.

8

Keep in mind! In order to relocate a content blurb, you must first create space in its new location by opening a new content box. Without a content box available, no movement can occur.
