

# GO by Spark - How to check the GO Version?

- 1 Navigate to your GO Software URL and click the user's name.

The screenshot shows the GO by Spark software interface. At the top right, there is a user menu with the text "Admin User" and a dropdown arrow. Below the user menu, there are two tabs: "Templates" and "Settings". Below the tabs, there is a table with the following columns: DAY, LOCATION, ARRIVAL, DEPARTURE, TEMPLATES, and ACTIONS. The table contains six rows of data. The first row has DAY 1, LOCATION Miami, ARRIVAL --, DEPARTURE 07:00pm, and TEMPLATES with links for Events, Venue, and Print. The second row has DAY 2, LOCATION At Sea, ARRIVAL --, DEPARTURE --, and TEMPLATES with links for Events, Venue, and Print. The third row has DAY 3, LOCATION George Town, ARRIVAL 08:00am, DEPARTURE 04:00pm, and TEMPLATES with links for Events, Venue, and Print. The fourth row has DAY 4, LOCATION Cozumel, ARRIVAL 10:00am, DEPARTURE 06:00pm, and TEMPLATES with links for Events, Venue, and Print. The fifth row has DAY 5, LOCATION Ocho Ríos, ARRIVAL 09:00am, DEPARTURE 05:00pm, and TEMPLATES with links for Events, Venue, and Print. The sixth row has DAY 6, LOCATION At Sea, ARRIVAL --, DEPARTURE --, and TEMPLATES with links for Events, Venue, and Print. The ACTIONS column contains icons for a grid, a list, and a lock.

DAY	LOCATION	ARRIVAL	DEPARTURE	TEMPLATES	ACTIONS
1	Miami	--	07:00pm	<a href="#">Events</a> <a href="#">Venue</a> <a href="#">Print</a>	
2	At Sea	--	--	<a href="#">Events</a> <a href="#">Venue</a> <a href="#">Print</a>	
3	George Town	08:00am	04:00pm	<a href="#">Events</a> <a href="#">Venue</a> <a href="#">Print</a>	
4	Cozumel	10:00am	06:00pm	<a href="#">Events</a> <a href="#">Venue</a> <a href="#">Print</a>	
5	Ocho Ríos	09:00am	05:00pm	<a href="#">Events</a> <a href="#">Venue</a> <a href="#">Print</a>	
6	At Sea	--	--	<a href="#">Events</a> <a href="#">Venue</a> <a href="#">Print</a>	

## 2 Click "About"

The screenshot shows the Admin User interface. At the top right, there is a user profile dropdown labeled 'Admin User'. A menu is open, showing options: Logout, About (highlighted with an orange circle), Help Desk, Kafka Logs, and System Logs. Below the menu, there is a table with columns: DAY, LOCATION, ARRIVAL, DEPARTURE, and TEMPLATES. The table contains 6 rows of data. The 'TEMPLATES' column has buttons for 'Events', 'Venue', and 'Print'.

DAY	LOCATION	ARRIVAL	DEPARTURE	TEMPLATES
1	Miami	--	07:00pm	— Events — Venue —
2	At Sea	--	--	— Events — Venue — Print
3	George Town	08:00am	04:00pm	— Events — Venue — Print
4	Cozumel	10:00am	06:00pm	— Events — Venue — Print
5	Ocho Ríos	09:00am	05:00pm	— Events — Venue — Print
6	At Sea	--	--	🔗 Events 🔗 Venue 🔗 Print

## 3 Here you can view your GO Version.

The screenshot shows the 'Instance Details' dialog box. It displays the 'GO Version' as v1.17.1-103-gb88cbff and the 'Enabled Plugins' as ddp, signage. The background shows a table with columns: DAY, LOCATION, ARRIVAL, DEPARTURE, and TEMPLATES. The table contains 10 rows of data. The 'TEMPLATES' column has buttons for 'Events', 'Venue', and 'Print'.
