

# How to Change the Hour Format for a Property?

In this guide, we'll show you how to change the hour format for a specific property.

1

From your **GO URL**, click on the property where you want to change the time format.

2

In the **Settings** tab, under **Property Details**, you'll find the **Hour Format** option. Click the drop-down menu and select your preferred time format.

The screenshot shows the 'Settings' tab with the 'Property Details' section active. The 'Hour Format' dropdown menu is highlighted with an orange circle, and the value '24' is selected. The form includes fields for Name, Description, Location, and Audiences. The 'Venue Order' section shows a table with columns for order number, name, and venue name.

Order	Name	Venue
1	TEST à TEST é ó ú - çãæ (archived)	Automation Venue - Library Admin (archived)
2	test cindi (archived)	Automation Venue - Library Admin (archived)

3

Click **Save Changes** once you've finished making your changes.

The screenshot shows the 'Settings' tab with the 'Property Details' section active. The 'Save Changes' button is highlighted with an orange circle. The form includes fields for Name, Description, Location, and Audiences. The 'Venue Order' section shows a table with columns for order number, name, and venue name.

Order	Name	Venue
1	TEST à TEST é ó ú - çãæ (archived)	Automation Venue - Library Admin (archived)
2	test cindi (archived)	Automation Venue - Library Admin (archived)

**Note:** This change will only apply to the selected property. The updated hour format will only be reflected in the **Print Program**. All other times displayed in GO will continue to follow your computer's time format settings.
