In **GO Reserve**, a host is the person or company responsible for delivering and managing an experience. Hosts are assigned to specific experiences and play a key role in ensuring everything runs smoothly for guests.

They receive a percentage of the revenue generated from each booking associated with their experience. In addition, hosts have access to view and manage all reservations made for them, allowing them to stay informed and prepared for upcoming bookings.

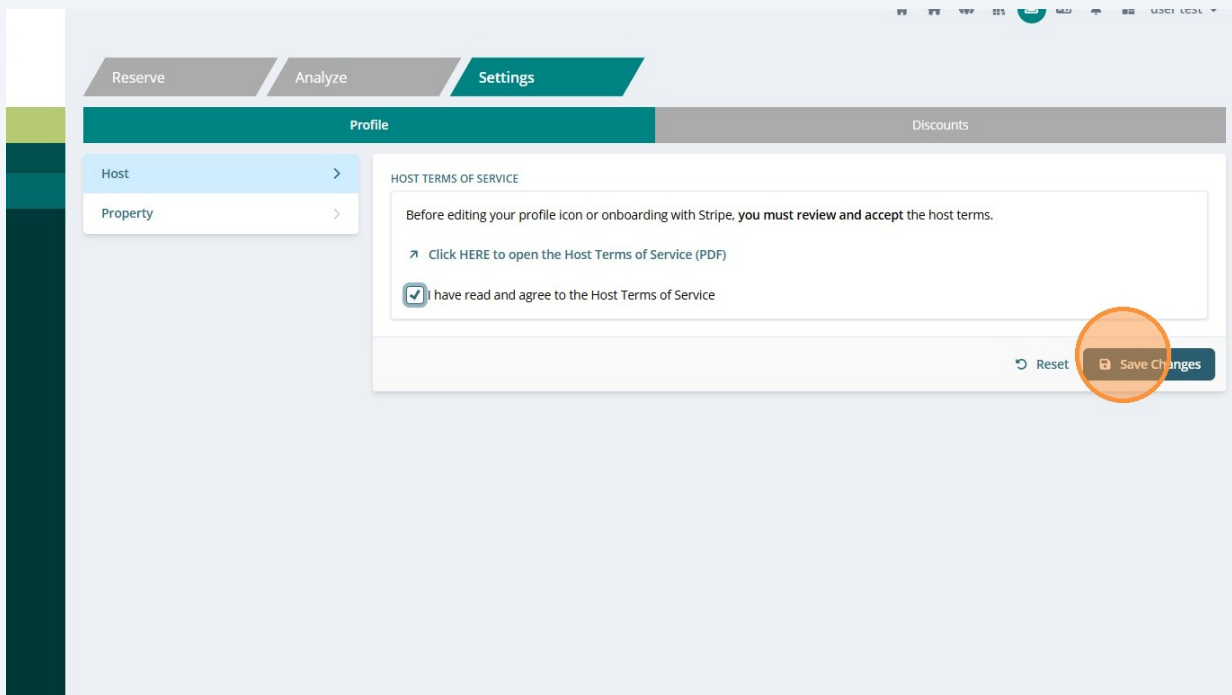

Let's get your account set up!

1 From your GO URL, click on the ticket icon to access **GO Reserve**

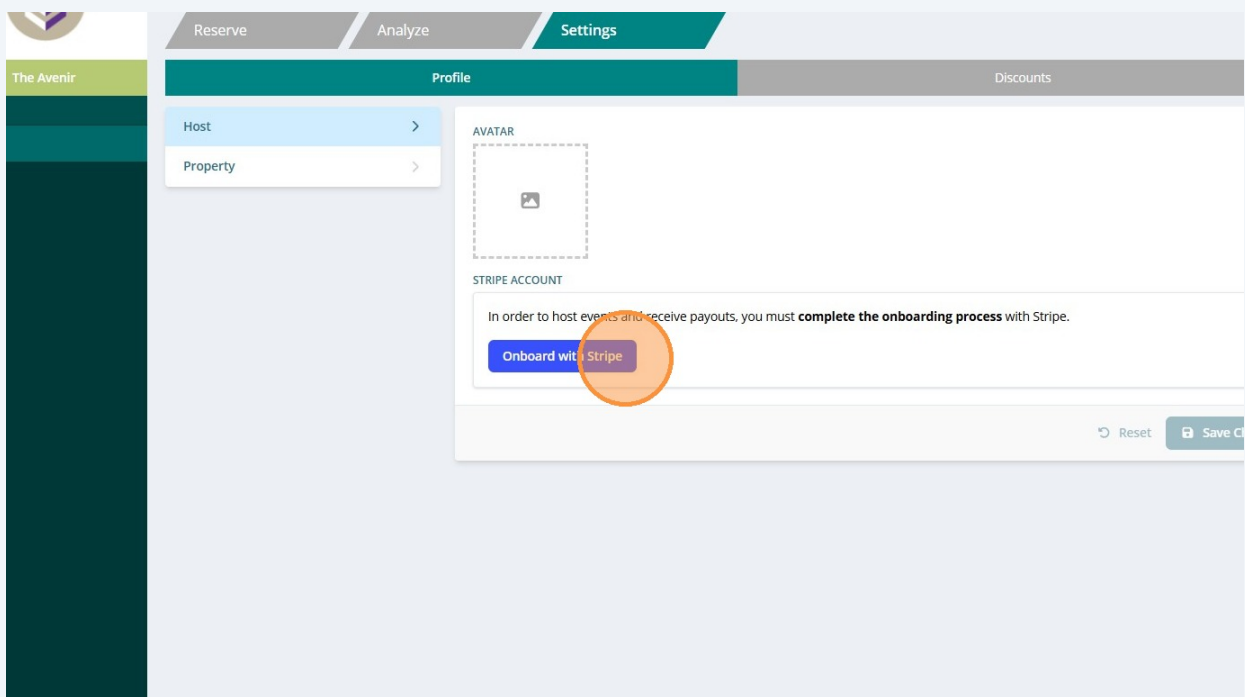

2

Click on the **"Settings"** tab, then select the checkbox and click on **"Save Changes"**

3

Click on **"Onboard with Stripe"** and follow the steps in **Stripe** to create your account

NOTE: If you have any questions or doubts regarding Stripe, please visit our guide: [How to manage your Stripe account including creating reports, adding bank account, and transferring funds?](#)
